

Anne Hope Legacy Fund

The Grail
Centre Trust

Amina Gibreel (Sudan)

I work at SEEMA Center for Training and Protection of Women and Child's Rights, service provision center to victims and survivors of GBV. With a full scholarship you give me hope and new wide horizon to discover. I will work very hard and give something back to others.

Annacletter Ncube (Zimbabwe)

I am a sister of Servants of Mary the Queen. Tft has changed my life as it has imposed a mind of critique in me. My work now is to "spark" the people I work with, especially the Catholic youth and women associations.

Anne Nashipae Monirei (Kenya)

I am a Maasai woman. I work for Neighbors Initiative Alliance, whose target is the vulnerable and poor groups. Tft has given me a profound experience on how to handle myself, family, community and the nation. My dream is clearer and sounds louder in my ears.

Sr. Arestina Gerald (Tanzania)

I am a Sister from Immaculate Heart Sisters of Africa. This course has widened my understanding. When I go back to work in the field, I will listen and discern the needs of the people, especially poor women, the group I will work with mostly. Thanks Tft for what I have received from this course.

Bongiso Zitha (South Africa)

I am working at DELTA. We have 3 programmes, women empowerment and leadership, food security and HIV/AIDS. The Tft course helps me understand the methodology of working with rural women, helping them solving their problems. I have learnt a lot, thank you for the scholarship.

Carmen Opperman (South Africa)

Although it was not easy to do, I left my job as a Community Development Worker for Child Welfare to do the course. I came to Tft to learn and to grow and I have. My confidence has grown and I am finally at a place where I believe that I am competent and capable enough to make things happen.

Carolina Cajas (Ecuador)

I am part of the Grail. Our vision is to work with people from all over the world, for justice and sustainability in this earth. This opportunity is a blessing in my life. I feel self-empowered and with tools to make changes with people. I am thankful for this opening a new door in my life.

Chanté Peregrino (South Africa)

I am a volunteer for an organisation called the Overberg Development Association in South Africa. We encourage youth empowerment. The tools that I have learned in Tft have opened my eyes on how to organise and implement learnings for youth empowerment.

Dunyiswa Ngwenze (South Africa)

I'm working as an HIV fieldworker for DELTA, a training organisation in a rural area of South Africa. The Tft course will help my organisation especially to resolve the conflict, starting with myself, to the family the community.

Mayibongwe Sharon Ngwenya (Zimbabwe)

I am a Catholic nun of the Missionary Daughters of Calvary (CMFC). Tft has equipped me and helped me to think critically and act where I am supposed to. I would like to thank Anne Hope, one of the founders of this program and ask the Lord to bless all who have been helping me with the funds.

Sr. Restituta Francis Tanzania (Tanzania)

I am a Sister from the Immaculate Heart Sister of Africa (IHSA). I expanded my scope of knowledge with the Tft Diploma Phase I. Digging deeper, listening to the needs of women I work with will now be part of my practice. Thank you Tft.

The 2017-18 Training for Transformation Diploma Course has supported 11 women through the Anne Hope Scholarship Fund. Hear their stories.
